- Thursday, 10/26 | 3 pm

**Celebrate the Grand Opening of Sanderson Apartments**
Celebrate the opening of the Mental Health Center of Denver’s trauma-informed Permanent Supportive Housing building – Sanderson Apartments. Join us at 9:30 am on **August 24** at 1601 S. Federal Blvd. to see and hear what Sanderson means for our community. Food will be provided.

RSVP to Lauren Anderson at lauren.anderson@mhcd.org or (303) 504-6744.

**Speakers Forum: Beyond the Most Livable City**
Join us in **January of 2018** as we explore themes of livability, community and development in Denver with leaders from across the housing, government and civil society sectors. Featuring a keynote presentation by Tiffany Manuel, Ph.D., VP of Knowledge, Impact & Strategy at Enterprise Community Partners, this forum will facilitate conversations on housing access, mental health and well-being in Denver as we work to make this place a “most livable city” for all.

Contact Paul Christiansen at paul.christiansen@mhcd.org or (303) 504-6592 for more information.
Gifts of Hope 2017 Virtual Attendance:

This year’s Gifts of Hope Fundraising Breakfast will explore the ways in which we at the Mental Health Center of Denver are approaching the future of well-being through innovation. We know that enriching lives and minds, both today and tomorrow, means finding creative solutions for a changing world. It also means moving forward together, and fostering a community in which everyone can thrive.

Making a Bigger Table
To ensure everyone has a seat at the table, we need to make a bigger table. This is true not only for the continued growth and development of the Denver community, but also for our Gifts of Hope Fundraising Breakfast in November.

At last year’s breakfast, we filled the room to capacity with community leaders from across Denver. It was an inspiring demonstration of the community’s excitement about well-being, and we look forward to creating that level of energy again.

This year, we need to include more people than can actually fit in the room. Using technology is one way in which our organization is serving more and more people with limited resources. For this year’s Breakfast, we are using this same innovative approach to extend the event to a virtual audience. This way, those who are not able to join us in the room will still be able to share breakfast with us from wherever they are – their homes and offices, coffee shops and cafes.

BYOB – Bring Your Own Breakfast
If you can’t make it to Infinity Park on the morning of November 8, we still want you to be a part of the event. We will unveil an interactive web streaming platform on our Gifts of Hope website on the morning of the event – just register as a virtual attendee at mhcd.org/GiftsofHope2017 and you’ll be sent a link to the page via email.

On this web page (no app download required), you’ll be able to stream the event live and interact with the in-room program through polls, chats and social media. And be sure to watch for other virtual aspects of the program including a Telehealth demo, “man-on-the-street” bit and more.

With virtual attendance, there’s not a bad seat in the house.

So, bring your laptop and your breakfast and join us as we discuss how the Mental Health Center of Denver is using technology and innovation to improve well-being throughout Denver, both today and into the future.

Let’s move forward, together.
