EMPLOYMENT SUCCESS SPOTLIGHT—
MARK BERTOLDO

Mark Bertoldo leaves for work every day smiling and has for the last eight months working in, what he calls his dream job. Born in California, Mark has been living in Colorado off and on since 1986 and says “he’s extremely happy with things now.”

Mark graduated successfully from 2Succeed after completing the Employment program working with his Employment Specialist, Talia Sternberg. Mark credits her with him working in his dream job. He had worked at the firm before but was let go due to problems at the time. Working with his Employment Specialist, Mark felt supported enough to reach out to his former employer and ask for his old job back.

In addition to the employment program, he enjoys the music classes at 2Succeed. “I love playing my guitar and taking lessons from Casey. They really helped me. There’s a lot at 2Succeed to help people.”

Mark and Talia explored various career paths before he secured his dream job as a Marketing Surveyor. None of them brought him the same happiness. Mark told Talia about the job he’d been let go from, and how badly he wanted to go back. He had tried going back several times and was not hired. Talia encouraged him to try again.

“She helped me get my job back, she really stuck her neck out for me. She went with me to speak to the head coordinator. I had tried to get my job back three different times and she helped me. I had learned a lot since I left my job last time, and Talia helped me explain that.”

2Succeed in Education

2Succeed in Education is a psychiatric rehabilitation and supported education program that supports individuals in their recovery and promotes wellbeing. Our program acts a bridge to the greater community, offering opportunities for individuals to participate in educational, social, physical, and spiritual pursuits. We encourage growth to assist individuals in pursuing their goals and to perceive themselves as the people they are beyond their experience of illness.

Link2Succeed

LINK2Succeed helps students who are interested in pursuing formal education in the community. Our education counselors provide support through encouragement and assistance with many facets of going back to school as an adult. Helping with admissions, financial aid and offering services on campuses throughout the Denver metro area. Our counselors can help students navigate the education process from beginning to end; identifying strengths and barriers and assisting in finding resources for financial aid/defaulted loans. Other types of support may include finding tutoring, and celebrating successes by supporting each individual in achieving their academic goals.

Studio 2Succeed

Studio 2Succeed provides interested members with materials and instruction, as well as a spacious and welcoming art studio, to create many different forms of visual art. Staff, interns, and volunteers assist artists in using art as a creative expression as part of a person’s journey in recovery. Working as a bridge to the community, we help our artists show and sell their work at different venues around Denver.

Culinary Arts Program

Our Culinary Arts Training Program offers members an opportunity to gain valuable, paid, on-the-job training while preparing and providing nutritious meals within Sally’s Café, an operating restaurant at 2Succeed. The training offers participants the chance to see how a functioning food service entity runs and explore different job areas they might be interested in pursuing out in the community. Members learn skills including food prep, food safety and sanitation, storage, ordering and inventory, knife skills, customer service, timeliness and following directions. Sally’s Café serves approximately 150 meals per day and serves lunch and dinner five days a week.

Talia gives all of the credit to Mark, “He takes initiative and he’s a really great advocate for himself. The first time we went back they weren’t 100% open. But he let them know he really wanted the job back, and thankfully they gave him a chance.”

Talia and Mark worked with the management at the company to help determine the best course of action for re-employment, and now, he says he looks forward to going to work every single day.

Mark beams when speaking about his job and takes great pride in the company he works for. “We do surveys over the phone. It’s an international research marketing firm. I call myself an Advertising Technician. Companies pay us to call people and take project surveys. Its been eight months since I’ve been back working there and I love it.”

After being rehired, Mark and Talia worked together doing job-coaching to make sure he had all the tools he needed to stay successful in his new job and recovery.

Mark smiled wide and said, “I’ve been really good with them. I love going to work. I just got a certificate for having a positive attitude.”
