Mental Health Center of Denver
Signing forms within the Telehealth App

The MHCD Telehealth App has options for you to sign Docusign forms that are created by your care team. It provides a central place view all forms.

On the Home Page there are two ways to access Forms:
If you have forms to sign a message appears
You can also look at the list from “Forms”

Forms to Sign shows all forms that need a signature.

Once you press Sign, it opens the Docusign view

Press “Continue”, to view the form to sign

“Next”, will take you to the place to “Sign”.

Once you’ve signed, select “Finish” to return to the App.

The signature is created, all you need to do is select it to sign.
